Doc. 4

## STATUS OF ACTIONS FROM PREVIOUS SESSION (Submitted by the Coordinating Director)

### Introduction

1. The CMO Headquarters produces a single document containing an **Action Sheet** that would allow the Council to follow-up on the actions taken on the decisions of its previous regular session, and to discuss any further actions if required.
  2. The Action Sheet from CMC63 is shown as an **ANNEX** to this document. Remarks have been included to indicate the status of actions, including any indications received from Members that actions assigned to them had been undertaken. Discussion in this document will focus only on those items of CMC63 that could not be achieved as planned, or are not brought up under another agenda item, but which are thought to require further discussion, or for which actions are of particular significance.
  3. Other items in the Action Sheet will be discussed in some detail under the relevant Agenda items.
